Title

*Dimension of polynomial growth harmonic functions on
lcf manifolds with nonnegative Ricci curvature*

Speaker: Mijia Lai, Shanghai Jiao Tong University,
Date: August 8, 2026
Time: 2:00PM
Tencent Meeting: 382-868-2051, Password: 202608

Abstract: In this talk, I will present a recent work with Xiaohan Cai on the dimension estimate of polynomial growth harmonic functions on locally conformally flat manifolds with nonnegative Ricci curvature.
